

Educational exposure visit of Springdales School students to FRI, Dehradun on 27th May 2019

Shri S.D. Sharma, DDG (Research), ICFRE welcomed the 31 students coming from Springdales School, Pusa Road, New Delhi alongwith Dr. Mala Gupta, Principal, Dr. Charu Duggal, PGT, Dr. Akshay Garg, PGT (03 teachers). Dr. Devendra Kumar, Scientist D, Extension Division, FRI gave brief introduction about Forest Research Institute, Dehradun and technologies developed by Scientists in last 100 years.

Thereafter students visited Bambusetum, and Botanical Garden of FRI. There Dr. P K Verma, Scientist C, FRI explained various species of Bambusetum and detailed identification of various tree species were carried out in Botanical Garden of FRI. Then students visited various museums like Forest pathology museum, silviculture museum, timber museum, Forest Entomology Museum and non-wood Forest Products museum. We explained well about queries raised by students on related issues during their visit. The all the students were fully satisfied and happy after visiting of Bambusetum, Botanical Garden and various museums of FRI. The glimpses of Springdales School students are given below:
