

RFRI CONDUCTS PRAKRITI PROGRAMME AT JNV, DIBRUGARH, ASSAM

Rain Forest Research Institute, Jorhat (Assam) conducted Scientist-Student's connect programme called 'Prakriti' at Jawahar Navodaya Vidyalaya, Dibrugarh (Assam) on 9th December, 2022 with various events. On behalf of RFRI, Jorhat Shri R. K. Kalita, Scientist F and Head, Extension Division and Shri Rajarshi Bhattacharyya, Technical Officer conducted the programme. The Principal of the JNV, Shri Ratheesh Kumar welcomed the RFRI Officials with flower bouquet and traditional phulam Gamosa. Girls Students of the School performed a Chorus which was followed by lighting of lamp and offering flowers to Saraswati portrait. Shri R. K. Kalita started his interaction with Students through power point presentation on the Institute, about the Prakriti programme and on Biodiversity Conservation. Shri Rajarshi Bhattacharyya sensitized the Students on 'Waste Management', more specifically on 'Waste to Wealth' through Vermicomposting. Brief Practical demonstration was also provided during the session. Apart from this, a few bamboo artifacts were displayed to make the Students aware about the various applications of bamboo. One sapling of ornamental bamboo species, called *Bambusa wamin* (Koloshi Bah) was planted in the School premises on the occasion.
