SILVICULTURE, FOREST MANAGEMENT AND AGROFORESTRY DIVISION  
ICFRE-TROPICAL FOREST RESEARCH INSTITUTE (TFRI), JABALPUR

On the occasion of #Earth Day 2025, a vibrant and educational event was held on 22nd April at the Central Nursery of the Silviculture, Forest Management and Agroforestry Division, ICFRE-TFRI, Jabalpur, under the guidance of Director Dr. H. S. Ginwal and in line with the global theme “Our Power, Our Planet.” Organized under AICRP-10, the event featured seed sowing and plant-raising activities with the active participation of 60 students from Kendriya Vidyalaya, ICFRE-TFRI. The programme was inaugurated by Smt. Neelu Singh, Group Coordinator (Research), who encouraged students to become nature stewards. Shri Manish Kumar Vijay, Program Coordinator, conducted an engaging hands-on session covering seed collection, treatment, potting media preparation, and nursery techniques. The enthusiastic participation of students, supported by scientists and staff of the Division, made the celebration impactful. The event successfully promoted environmental

awareness, forest conservation, and individual responsibility, truly embodying the spirit of Earth Day.
