Earth Day 2025 Celebrations by ICFRE-IFGTB EIACP PC RP

In connection with Earth Day 2025 and the Mission LiFE initiative of the Ministry of Environment, Forest and Climate Change (MoEFCC), Govt of India, the ICFRE-IFGTB EIACP PC RP organized an awareness campaign on the theme "Our Power, Our Planet" at Kovai Kuttralam, Coimbatore. The campaign aimed to sensitize various stakeholders including students, tribal communities, forest officials, and the general public on the importance of individual and collective action in protecting the Mother Earth. As part of the programme, a thematic awareness poster highlighting the Earth Day 2025 key message was released and widely disseminated to promote eco-conscious behavior. Dr. S. Vigneswaran, Programme Officer, delivered a lecture emphasizing how small lifestyle changes rooted in sustainability can create a large positive impact on the planet. He also gave an insight to the practical steps aligned with the LiFE Mission, encouraging everyone to adopt greener practices in daily life. The event was supported by Shri V. Thangavel, IT Officer and Ms. Subha Shree, Data Entry Operator who assisted in organizing the campaign and engaging with participants. The primary objective of these initiatives was to raise awareness about the importance of renewable energy deployment. These campaigns were registered among the global events organized by earthday.org.

EARTH DAY - 2025

THEME : “ OUR POWER, OUR PLANET”

On April 22, 2025, Earth Day celebrates its 55th anniversary with the theme "Our Power, Our Planet." This global initiative urges individuals, communities, and governments to accelerate the transition to renewable energy sources—such as solar, wind, hydroelectric, and geothermal—to combat climate change and promote sustainable development. The goal is to triple the global generation of clean electricity by 2030, empowering billions with affordable, healthy, and equitable energy solutions. As we mark this milestone, it's a call to action: our collective choices today shape the planet we leave for future generations.

End Plastics

Plastic pollution impacts human and ecosystem health and everyday actions can lessen the problem

The Canopy Project

The Canopy Project works with local partners around the world to lead vital tree planting initiatives in areas in urgent need of restoration

Climate & Environmental Literacy

Increase awareness and build environmental and climate literacy in students around the world

Food & The Environment

Our soil needs to be conserved. Find better solutions for the conservation

Act on Climate Change

Sustainable fashion is an important solution to fight climate change

Campaign for Communities

Participate and join hands to conserve the Mother Earth
