### TRAINING REPORT ON

### VERMICOMPOSTING TECHNIQUES FOR LIVELIHOOD GENERATION

VENUE: KALASHIMUKH, JOLAIBARI, TRIPURA

DATE: 08-06-2025

ICFRE-Livelihood Extension Center, Agartala conducted training on vermicomposting techniques for Livelihood generation on 8<sup>th</sup> May, 2025 at Kashimukh, Jolaibari, South Tripura. Total 60 participants including SHGs members, students, teachers and farmers participated in the training programme. The training programme started with welcome address by Shri Niren Das, CTO & Program Coordinator, ICFRE-LEC, Agartala followed by the introduction of participants. Shri Das delivered a lecture on vermicomposting techniques. Shri Subal Tripura, President of Farmers club, Jolaibari block graced the occasion as the Chief Guest. Shri Tripura interacted with the participants and suggested to install more unit of vermicomposting at their localities in community basis with the help of ICFRE-LEC Agartala.

Demonstrated the vermicomposting techniques on already constructed cemented vermicompost tank. During the training period, the technical details on Vermicomposting techniques involving construction of vermicompost unit and its establishment using locally available resources were practically demonstrated. A transect walk is also conducted for identification and collection of locally available raw materials for vermicompost. During transect walk, the participants identified and collected the available raw materials from their locality with the help of ICFRE-LEC, Agartala staff. An interaction session was also held with the participants and taken participants' feedback. *Eisenia fetida*, the preferred earth worm brought from ICFRE LEC, Gandhigram, Agartala was added to the VCU. The team of ICFRE-LEC Agartala are also visited the small bamboo nursery beds which were established at kalashimukh on February, 2025.

Glimpses of the Training Programme
