

## Participation of TFRI in Golden Jubilee celebration of Indian Society of Weed Science (ISWS)

Indian Society of Weed Science (ISWS) celebrated Golden Jubilee, wherein an International Conference was organized in collaboration with ICAR-Directorate of Weed Science Research during 21-24 November, 2018 at Jabalpur. The conference

was inaugurated by Dr. Jonathan Gressel from Israel. Dr. P.D. Juyal Vice Chancellor Nanaji Deshmukh University for Veterinary Science, Jabalpur and Dr. G.R. Rao, Director TFRI, Jabalpur were special guest for the occasion. The conference was attended by about 400 international and national participants. Dr. Rao

talked about loss in forestry due to weeds and emphasized use of nano herbicides to control weeds effectively. TFRI Jabalpur had put up a stall during this conference to showcase work on, pest management using trichocards in teak, potential of spider as bio-control agent, biofertilizers, cultivation and value addition of NTFPs, micro and macro propagation for production of quality planting material in bamboo and other economically important species and agroforestry models developed by the institute.
